POINT OF SALE (POS): (at the grocery store)

To purchase goods using your Dealer Benefits Network Payroll Card at Point of Sale merchants like grocery stores, drug stores, convenience stores, etc., just follow the instructions below. To get Cash Back, you must make a purchase, even it's only a soda, candy bar, etc.

For Point of Sale follow these steps:

- 1) Pick out what you want to buy.
- 2) Go to the check out stand and have your items ready for checkout.
- 3) Tell the clerk you want to use your card.

a. If the card reader machine is on the counter (like most grocery stores), select **Debit** then slide your card.

NOTICE: At some stores that do not have a card machine on the counter, the clerk may swipe the card for you, but you will still have to enter your PIN on a small Key-Pad on the counter. NEVER GIVE THE CLERK YOUR PIN.

b. The machine or clerk will then ask you to enter your PIN. Press the keys to enter your PIN then press **Enter**.

c. The card machine or clerk will then ask if you want **Cash Back**. If you want Cash Back, press Yes then enter the amount or with some machines, you may have to tell the clerk how much you want back.

NOTICE: Some smaller stores may not allow Cash Back. It's best to ask the clerk before you begin your transaction if you want Cash Back. If they do not allow Cash Back, you can still purchase items without Cash Back at these stores.

d. If you have problems or need help, just ask the clerk. They are happy to help you.

- 4) Once your transaction is complete, the clerk will give you a receipt and any Cash Back you received, if they allow Cash Back.
- 5) There are no fees charged to you for Point of Sale transactions including Cash Back.

TO BUY GAS

1) Go **inside** the gas station and tell the gas station attendant that you want to use your card.

2) The clerk will ask how much gas and tell him the amount you want.

3) The clerk will ask for your card then ring up the amount on the cash register and hand you a Key-Pad device that has numbers on it and you will enter your PIN and press "enter" on the device.

4) The clerk will give you a receipt. The gas station will usually not allow you to take cash back on gas purchases.

5) Fill your car with gas. If you do not use all of the money for gas you will **go back to the attendant** as if you paid him cash and he **will give you back your change because you did not use all the money charged to your card.**

USING AN ATM

You can get cash (up to the amount of cash on your card plus fees) from any ATM that displays the MasterCard®, Maestro®, Cirrus®, STAR®, or NYCE® symbols.
